YESTERDAY .- Yesterday was the first dry Sabbath for some weeks past. The sky was cloudy, however, and the wind was from the Northeast and there was a shower about six in the evening. Services in all the churches, par ticularly the Catholic, where palms were dis tributed, were attended by large congregations. Many persons were on the streets, and during the evening the grave yards and other suburbs were visited by large numbers. The Washington ferry boats did an increased amount of business, and among the passengers who come over from Washington were several who brought along with them a plentiful supply of liquor. Three boys from Washington visited Fishtown in a buggy during the evening, drank whiskey, upset and broke the buggy, and one of them was locked up in the station house. A fight occurred on Henry street near Princess about four o'cleck p. m. between some colored men, but none of those engaged was seriously hurt. Base ball was indulged in to some ex tent on the commons around town, but several of the games were interrupted by the police.

DEATH. - It was with much regret that we announced on Saturday last, the death of Mrs. Aun S. Mark, one of the most respected, es teemed, and oldest of the ladies of this city. She leaves many relatives and triends who will charish her memory.

LOCAL BREVITIES. - Mr. Chas. Brill was one of several gentlemen in this city, who, during the war, were taken before Judge Sneed and required to swear allegiance to the Wheeling government. Mr. Brill refused to take the oath, and he was therefore fined \$50 and sent to jail for contempt of Court. The Senator from this district has introduced a bill, as has already been stated, to refund Mr. B. the amount exacted from him. Several fines of the same kind have been refunded, and, it is expected, several more will be.

Professor Newman will resume his evening class for gentlemen on the 15 h inst. He is also No charge for packages Price reduced to \$10 per 10 11bs. We would call the attention of those making grand preparations for a soirce to be given shortly,

The alarm of fire yesterday morning between six and seven o'clock was caused by the burning of a stable on Alfred street between Prnicess and Oronoco, occupied by M. Chas. Flood .-Three valuable cows were in the stable. One escaped unburt, one was consumed, and was dragged out of the flames alive but died soon after. The fire was socidental. The owner of the cows after milking them left a lantern on the floor, and one of the cows kicked it over among some loose hay.

Mr. W. F. Brookes has, as will be seen by reference to his advertisement in another col umn, removed his store. At his new stand he will keep everything that is usually found in a first class greeny store.

SPECIAL NOTICES.

Newspaper Statements. HOW THE PROPER TEST THEIR TRUTH.

This is not an age when people believe or trust whatever they see in the public journals. Fifty or sixty years ago when the accuracy of a statement that had appeared in one of the ga zettes or "News Letters" of the day, was questioned, it was considered a sufficient answer to all cavil to say, "It must be so, for I read it in the newspaper." It is not so now. Newspaper assertions must be verified before they are taken for granted, and this is especially the case as regards statements setting forth the ramedial properties of proprietary medicines. For example: it was not until the tonic and alterative properties of Hostetter's Stomach Bitters had been deliberately and thoroughly tested by thousands, and found to be in perfect accord with the printed claims put forth in its behalf, that it was accepted by the public at large as a Standard Remedy. But when multitudes who had resorted to it as a safeguard against malarious fevers, a cure for indigestion and biliousness, a means of strongthoning the frame, cheering the spirits and imparting constitutional vigor, came forward and testified that its beneficial effects had exceeded their most sanguine expectations, of course the world believcf. To resist such proofs was impossible.— Great care has been taken from the beginning not to overstate the merits of the Bitters. Exaggeration and bombast have been the death of many preparations that might otherwise have survived They were "weighed in the balance and found wanting." Hostetter's Bitters, on the contrary, have never been announced in grandiloquent language as a cure for every bodly ill, but simply as a pure, harmless, vogetable specific, possessing remarkable invigorating, regulating, anti-bilious and antiseptic properties. This is exactly what the public know the medicine to be, and its enormous sales is an argument in its favor.

office of FISH & HATCH, BANKERS AND DEALERS IN GOVERN-

MENT SECURITIES, No. 5 NASSAU STREET, NEW YORK, February 15th, 1870.

The remarkable suc.e's which attended our negetiation of the Loans of the CENTRAL PA-CIFIC RAILROAD COMPANY and the WESTERN PACIFIC RAILROAD COMPANY, and the popularity and credit which these Loans have maintained in the markets, both in this country and Europe, have shown that the First Mortgage Bonds of wisely-located and honorably-managed Railroads are promptly recognized and readily taken as the most suitable, safe and advantageous form of investment, yielding & more liberal income than can hereafter be derived from Government Bonds, and available

to take their place. Assured that, in the selection and negotiation of superior Railroad Loans, we are meeting a great public want, and rendering a valuable service-both to the holders of Capital and to those great National works of internal improvement whose intrinsic merit and substantial character, entitle them to the use of Capital and the confidence of investors-we now offer, with special confidence and satisfaction, the

FIRST MORTGAGE BONDS

OF THE

Chesapeake and Ohio Railroad Co, The Chesapeake and Ohio Railroad, connecting the Atlantic coast and the magnificent harbors of the Chesapeake Bay with the Ohio River at a point of reliable navigation, and thus, with the entire Railroad system and water transportation of the great West and Southwest, forms the additional East and West Trunk Line, so imperatively demanded for the accommodation of the immense and rapidly growing transportation between the Atlantic seaboard and Europe on the one hand, and the great producing regions of the Ohio and Mis-

sissippi Valleys on the other. The importance of this Road as a new outlet from the West to the sea magnifics it into one of national consequence, and insures to it an extensive through traffic from the day of its completion; while, in the development of the extensive agricultural and mineral resources of Virginia and West Virglnia, it possesses, along its own line, the elements of a large and profitable local business. Thus the great interests, both general and lo-

cal, which demand the completion of the CHES-

APEAKE AND OHIO RAILEOAD to the Ohio Riv-

er, afford the surest guarantee of its success and

value, and render it the most important and substantial Railroad enterprise now in progress in this country. Its superiority as an East and West route, and the promise of an immense and profitable trade awaiting its completion, have drawn to it sound judgment and known integrity, whore connection with it, together with that of eminent citizens and business men of Virginia and West Virginia, insures nu energetic. honorable and successful manage-

ment. The Road is completed and in operation from Springs of West Virginia, 227 miles, and there remain but 700 miles (now partially construct. ed) to be completed to exrry it to the proposed terminus on the Ohio river at, or near, the mouth of the Big Sandy River, 150 miles above Cincinnati, and 350 miles below Pittsburg.

Lines are now projected or in progres;

through Ghio and Kentucky to this point, which will connect the Chesapeake and Obio with the entire Sailt and systems of the West. and Southwest, and with the Pacific Railroad. Its valuable franchises and superior advantages will place the Chrisapsake AND Onto RAILROAD COMPANY among the richest and most powerful and trustworthy corporations of the country; and there exists a present value,

in completed road and work done, equal to the entire amount of the mortgage. The details of the Lean have been arranged with special reference to the wants of all classes. of investors; and combine the various features of convenience, safety and protection against

loss or feaul.

The Bonds are in denominations of

\$1,660, \$500 and \$100. They will be issued as Coupon Bonds, panall. to Bearer, and may be held in that form ; or The Bond may be registered in the name of the owner, with the coupons remaining payable to bearer attached, the principal being then

transferable only on the books of the Company. unless reassigned to bearer; or The coupons may be detached and cancellar, the Bond made a permanent Registered Bond. transferable only on the hooks of the Company.
